Road Shine Developments Limited, through Guoan (HK) Holdings Limited, is indirectly owned by 中信國安集團有限公司 (CITIC Guoan Group\*), a conglomerate in the PRC market headquartered in Beijing.

Immediately following the completion of the Sale and Purchase Agreement, the Offeror and the parties acting in concert with it were interested in 53.00% of the existing issued ordinary share capital of the Company, thereby triggering the mandatory general offer obligation under Rule 26.1 of the Takeovers Code. The Offeror received valid acceptances in respect of a total of 11,240,892 shares under the offer. As a result thereof, the Offeror is interested in an aggregate of 2,749,210,892 shares, representing approximately 53.218% of total issued share capital of the Company.

The Group intends to continue the existing principal businesses. As for the current financial position of the Group, the new management will draw out plans to strengthen the Group’s financial position whilst taking into consideration the capital market conditions. Furthermore, the Group also intends to identify investment opportunities to improve its business prospects. A review on the financial position and the operations of the Company will be conducted before the new management formulates its long-term business plans and strategies.

Mr. Huang Zhen Qian was re-designated as Executive Director.

## **Business Review**

Economic dynamics have worsened since the final quarter of 2015, with volatility in the China market and falling commodity prices adding further pressure to the global financial system. Following a turbulent start at the outset of the year 2016, the global economy has moved into a more stable phase. Economic uncertainty, however, remains high amidst weak global demand and geopolitical issues.

In Hong Kong, mobile phone retail volume sales declined by 4% in 2015, mainly as a result of saturation and moderated tourist spending on mobile electronics in the city. Continued negative retail volume compound annual growth rate of mobile phones is forecasted by Euromonitor over the period of 2015-2020.

The Group recorded a gross profit for the six months ended 31 March 2016 (the “Period”) of approximately HK\$12.9 million (31 March 2015: HK\$10.7 million), an increase of 21.0% year on year. Turnover for the Period went up 34.4% to approximately HK\$47.5 million (31 March 2015: HK\$35.3 million). During the Period, a net loss of approximately HK\$11.0 million (31 March 2015: HK\$9.4 million) was incurred.

Revenue generated from the provision of repair services during the Period increased by 39.5% year on year to approximately HK\$45.0 million (31 March 2015: HK\$32.3 million) reflecting an increased demand for smartphone upgrading services. Nonetheless, this services provision segment has provided a steady stream of recurrent income for the Group, while complementing the trading business.

## **Financial Review**

As at 31 March 2016, overall inventory remained at a relatively low level of approximately HK\$1.3 million (30 September 2015: HK\$2.3 million).

As at 31 March 2016, a fixed deposit of approximately HK\$5.0 million (30 September 2015: HK\$5.0 million) was pledged to secure banking facilities during the Period. The current ratio was approximately 1.18 (30 September 2015: 1.84) while the liquid ratio was approximately 1.11 (30 September 2015: 1.71).

The Group’s bank borrowings amounted to HK\$4.5 million (30 September 2015: HK\$4.5 million) as at 31 March 2016. Its gearing ratio, expressed as a percentage of total borrowings over total assets, was 13.5% (30 September 2015: 11.3%).

As in previous years, the Group will continue to adopt a conservative cash management policy. The Group conducts its core business transactions mainly in Hong Kong dollars and United States dollars. The greater part of its cash and bank balances is also in either Hong Kong dollars or United States dollars, given the pegging of the Hong Kong dollar to the United States dollar, this provides a natural hedge against currency fluctuations under the normal business trading circumstances.

## **Outlook**

Going forward, the global economic growth is expected to be slow, as seen on advanced economies' recovery rate and the prolonged burden on emerging economies. The Group will remain focused on building resilience to a weaker and uncertain economic environment. It will also continue to navigate its existing operations through the macro challenges, through identifying and pursuing opportunities to adjust its product and service offerings in response to squeezed after-sales service margins, as well as market and technological changes. Stringent cost control and risk management will continue to apply as the Group moves ahead with its business development plans. The mission of the Group remains to achieve sustainable development in order to safeguard long-term shareholder value.

## **Employee Information**

Mr. Sy Ethan, Timothy and Mr. Sung Yee Keung, Ricky resigned as Executive Directors, Mr. Ko Wai Lun, Warren resigned as Non-executive Director, and Mr. Andrew David Ross, Mr. Geoffrey William Fawcett and Mr. Charles Robert Lawson resigned as Independent Non-executive Directors, all with effect from 11 March 2016.

The Board wishes to thank the former Directors for their contribution to the Company and looks forward to the next chapter of the development of the Group under the guidance of the new management team.

At 31 March 2016, the Group employed a workforce of 110 (31 March 2015: 110). Staff costs for the Period, including salaries, bonuses and allowances, were approximately HK\$14.6 million (31 March 2015: HK\$11.5 million).

## **CORPORATE GOVERNANCE**

### **Compliance with Corporate Governance Code**

Throughout the period of the six months ended 31 March 2016, the Company has complied with the code provisions (“Code Provisions”) set out in the Corporate Governance Code contained in Appendix 14 to the Listing Rules, except for the following deviations:–

#### **1. Code Provision A.2.1**

Code Provision A.2.1 provides that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual.

The positions of Chairman of the Board and CEO of the Company were both carried on by the same person during the period from 1 October 2015 to the conclusion of the annual general meeting held on 11 March 2016. The Board considers that this structure does not undermine the balance of power and authority between the Board and the management. The Board members have considerable experience and qualities which they bring to the Company and the Board believes that it is able to ensure that the balance of power between the Board and the management is not impaired. The Board believes that having the same person performing the roles of both Chairman and CEO does provide the Group with strong and consistent leadership and that, operating in this manner allows for more effective and efficient overall strategic planning of the Group.

Immediately after the annual general meeting of the Company held on 11 March 2016, Mr. Sy Ethan, Timothy resigned from the positions of Chairman of the Board and CEO while Mr. Du Jun was appointed as Chairman of the Board and Non-executive Director. No CEO has been appointed after the annual general meeting of the Company held on 11 March 2016 and the executive functions of the Company have been shared jointly by the Executive Directors and the senior management. The Board therefore considers that the Company has been compliant with Code Provision A.2.1 after the annual general meeting of the Company held on 11 March 2016.

## **2. Code Provision A.4.2**

Code Provision A.4.2 provides that every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years.

According to Article 116 of the article of association of the Company, all Directors (except the CEO) shall retire by rotation at the annual general meeting of the Company at least once every three years. In the opinion of the Board, stability and continuation are key factors to the successful implementation of business plans. The Board believes that it is beneficial to the Group that there is continuity in the role of the CEO and, therefore, the Board is of the view that the CEO should be exempt from this arrangement.

Consequent upon the resignation of Mr. Sy Ethan, Timothy as CEO immediately after the annual general meeting of the Company held on 11 March 2016 and in light of the fact that no CEO has been appointed since then, the Company has been in compliance with Code Provision A.4.2 after the annual general meeting of the Company held on 11 March 2016.

## **Model Code for Securities Transaction by Directors**

The Company has adopted the Model Code set out in Appendix 10 to the Listing Rules as the code for dealing in securities of the Company by the Directors. Specific enquiry has been made on all Directors who have confirmed that they have complied with the required standard set out in the Model Code throughout the six months ended 31 March 2016.

## **Audit Committee Review**

The Audit Committee has reviewed with the management of the Company the accounting principles and practices adopted by the Group, and discussed internal controls and financial reporting matters including a review of the unaudited condensed consolidated interim results of the Group for the six months ended 31 March 2016.
